HIS BACK BROKEN.

Bags of Flour Fell on Amede Beauregard, a Church Street Baker.

Amede Beauregard of 125 Walnut street sustained a severe injury Tues-day night while at his work in the bakery of Blanchette & Hoffman on Church street. While getting a bag Church street. While getting a bag of flour, he slipped and fell to the floor, a dozen bags falling upon him. Fellow hempioyes rushed to his assistance, but he was so badly injured that it was considered advisable to take him to the food and the first angely attended. The officiation clarification of the food and the condition was serious Wednesday and it is feared that he will be perma-nently injured, even if he should sur-vive the accident. Mr. Beauregard has been a resident of the city for many years, and at one time worked for Henry Snyder.

Visited Pleasant View Property. Louis B. Lincoln of Spring street has Louis B. Lincoln of Spring street has returned from two days' trip to Pleasant View, where he was called by reports of the damage done by the recent storm. Mr. Lincoln brought back photos of the havor wrought by the water, which did damage along almost the entire row. At his own cottage, between the Atlantic casino and the Wigwam, the newly laid concrete wall and walk had been broken up by the previous storm, but stopped the force of the waves somewhat this time, as building escaped damage excepthat the support of one of the piazza corners had been undermined and washed away. This Mr. Lincoln found in what was his back yard, and the piazza was shored up. From the pictures brought back by Mr. Lincoln it can be seen that the new line of the breakers is about where the sea walls

LETTER FROM SECRETARY HINE Inquires of Town School Committee

The members of the school commitceived from Secretary Charles D. Hine of the state board of education a circular letter in regard to the necessity or probability of success in establishing schools in this town for children over 14 not at school and having no propular employment also for fillierates regular employment, also for illiterates

The questions submitted with the letter ask as to the advisability of or-ganizing advanced day classes for chil-dren over 14, of organizing in the publie day schools classes to teach specific pations or trades to children over 14, also evening classes for the same purpose; and as to the advisability of conducting evening classes for illiter-ates who cannot read and write in any language, or cannot read and write in

English.

The letter is undoubtedly part of the general tendency toward trade schools and toward doing something to help along those who heed help during the whole year, instead of spasmodically.

Officers of M. E. Ladies' Aid Society. The annual meeting of the Ladies Aid society of the Methodist church was held in the church parlors Wednesday afternoon. germs claim more victims in cities than in rural districts, due no doubt to the increased number of indoor workers in confining quarters and their lack of sunshine.

Tubercular germs always attack when the system is weakened from colds or sickness, overwork, overstrain, confining duties or any drain which has reduced the resistive forces of the body. But nature always provides a corrector and the best physicians emphasize that during chang-ing climate our blood should be kept rich pure and active by taking Scott's Emulsion after meals, the cod liver oil in Scott's Emulsion warms the body by enriching the blood-it peculiarly strengthens the lungs and upbuilds the resistive forces of the body to avoid colds and prevent consumption.

Weasels Prey on Game Birds.

The practice of feeding game birds that has been in force for more than two weeks has ceased, as the clearing away of the snow from the woods and fields has made it unnecessary for Game Warden Arthur Day and his deputies in the county to longer carry on the work. Warden Day said Wednesday that he found only two dead quall during his travels through the woods during the time that the snow was on the ground, so there is good basis for believing that the feeding was effective and saved many birds from starvation. This will be good news for the hunters, as it means more fine shooting next fall. Warden Day finds, however, that the game Weasels Prey on Game Birds. more line shooting next fall. Warden Day finds, however, that the game birds have in the weasel a rapidly increasing variety of enemy in this section at present and there seems to be no real effective way of stopping the depredations of the little animals among the statute protected birds. Village Hears of Two Marriages-Over Fifty Signatures for New Rebekah Lodge-No Change in Highway.

Cards have been received in Mystic innouncing the marriage of Ryder Stark, son of Mr. and Mrs. James Stark, former residents and summer residents of Mystic, and Mrs. Edith Fisk Church of New York, which took place in that city Monday, March At her home, on High street, Mrs. E. J. R. Wilson and Clarke T. Welden,

both of this place, were married Sun-day, March I, by Rev. A. F. Earnshaw, paster of the Congregational church. New Rebekah Lodge. Stonington lodge, No. 26, I. O. O. F., met Wednesday evening when a class of eleven candidates took the initiatory degree, and after the degree a social time was enjoyed. The preiminary meeting for starting a Rebekah lodge in this village as an auxiliary to Ston-ington lodge, No. 26, I. O. O. F., was held Tuesday evening in I. O. O. F. hall. Already over fifty names have been secured and the prospects are that a good lodge will be started. At

The state highway commissioner has decided to make scarcely any changes in the present layout of the highway, when the new road is built between Stonington and Mystic. There was considerable worry at Quiambaug for a while for fear that settlement was to be cut out by the new road. The aunouncement that no radical changes are to be made is welcome news, espe-cially for the reason that it means about five miles less of road between Stonington and Mystic that the town will have to care for. The annual sav-ing will amount to at least \$1,500. Some improvements will have to be made at the west end of the village, as the curve at the Dennison burying ground is one of the worst in the
